2. Instructor in Industrial Design (Wood Work) in the Government College of Arts and Crafts, Madras in the Tamil Nadu Industries Subordinate Service.	1	1	1

SECTION X.

STATUTORY RULES AND REGULATIONS.

(i) Promulgation and Amendments :

During the period under report, there were 177 cases of issues of Statutory Rules or amendments to them by the Government. In respect of 166 of them, the Commission was consulted before the rules were issued. Of the remaining 11 cases, 7 were of a routine nature. Excluding such routine cases, there were 4 cases in whichc the Commission was not consulted. However, these cases related either to posts excluded from the purview of the Commission or to matters in respect of which under Article 320 (3) of the Constitution of India, consultation with the commission was not necessary.

(ii) Relaxation.

During the period under report, there were 53 cases in which statutory rules were relaxed by the Government. In 5 cases, orders of relaxation were issued by the Government in respect of pension matters.

In 24 cases,orders of relaxation were issued by the Government in respect of certain provisions of the fundamental Rules, Madras Special Pay and Allowance Rules and the Madras Travelling Allowances Rules.

In 57 cases, orders of relaxation were issued by the Government in respect of certain provision of the Contributory Provident Fund (Madras) Rules, and General Provident Fund (Madras) Rules.

(iii) Temporary appointments.

(1) State Services.

The Commission accorded its concurrence for the continuance beyond period of three months of the temporary appointments of 416 cases, for the continuance beyond a period of one year of the temporary appointments of 288 cases, for the continuance beyond a period of eighteen months of the temporary appointments of 188 cases and for the continuance for a period above eighteen months of the temporary appointments of 346 cases in the State Services.

(2) Subordinate Services.

During 1979-80, there were 995 cases in which the Commission ratified the continuance beyond three months of the temporary appointments relating to subordinate services made by the appointing authorities in the various departments of the Government.

In a large number of cases, the appointing authorities failed to obtain the concurrence of the Commission sufficiently early before the expiry of three months period as required by paragraph 2 of G.O. Ms. No. 4021, Public (Services), dated 9th January 1943. The attention of the appointing authorities concerned was again drawn to the Government order.

In 305 cases, the Commission, ratified the continuance of the temporary appointment relating to Subordinate Services beyond a total period of one year with reference to Regulation 17(2) of the Tamil Nadu Public Service Commission Regulations, 1954. In some cases, it was found that the appointing authorities concerned did not obtain the Commission's concurrence for the continuance of the temporary appointments beyond three months, but applied for the Commission's concurrence after the temporary appointments had been continued beyond a year.

There were 105 cases in which the Commission ratified the continuance of the temporary appointments beyond eighteen months. There were 45 cases in which the Commission ratified the continuance of the temporary appointments beyond twenty-four months. The Commission also ratified the continuance of the temporary appointments beyond thirty months and further period in 20 cases.

There were 12 cases in which the Government ratified the action of the appointing authorities in having appointed unqualified candidates in contravention of the Government orders.

(3) Appointments made under regulation (16B) of the Tamil Nadu Public Service Commission Regulations, 1954.

In the following cases, the Commission's concurrence was sought for and given under the latter part of Regulation 16B of the Tamil Nadu Public Service Commission Regulations, 1954, for making appointments to the posts in the State and Subordinate Services without the ordinary statutory reference to the Commission required under Article 320(3) of the Constitution of India:—

Serial number.	*Name of deparment.*	*Name of post.*	*Number of cases.*
(1)	(2)	(3)	(4)
1.	Medical Department ..	Assistant Surgeons ..	4
2.	Medical Department ..	Junior Assistant Surgeons, Class II.	4
3.	Madras Veterinary College	Assistant Research Officer (Bio-Chemist).	1

Serial number.	Name of department.	Name of post.	Number of cases.
(1)	(2)	(3)	(4)
4.	Gazetteer Unit of the Tamil Nadu Archives.	State Editor, Gazetteer Unit.	1
5.	Town and Country Planning Department.	Assistant Director of Town and Country Planning.	1
6.	Collegiate Education Department.	Assistant Professor	1
7.	Collegiate Education Department.	Tutors	3
8.	Transport Department ..	Joint Directors	2
9.	Tamil Nadu Legislative Assembly Secretariat Service.	English Reporter	1

In the following case, the Commission's concurrence was not accorded.—

Serial number.	Name of department.	Name of post.	Number of cases.
(1)	(2)	(3)	(4)
1.	Collegiate Education Department.	Assistant Professor in Hindi	1

The Commission also acorded concurrence under the letter part of Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations, 1954, for the regular appointment of six officers to posts mentioned below in the State Services.—

1. Deputy Commissioner of Civil Supplies, Assistant Commissioner of Civil Supplies, and Assistant Secretary to the Commissioner of Civil Supplies in the Tamil Nadu General Service.

2. Lady Deputy Superintendent, State Prison for Women, Vellore in the Tamil Nadu Jail Service.

3. Special Officer (Begger Homes) in the Directorate of Social Welfare in the Tamil Nadu General Service.

4. Ministerial Service.

During the year 1979-80, the Commission also accorded its concurrence under Rule 20(a)(iii) of the Special Rules for the Tamil Nadu Ministerial Service for the permanent transfer of 168 personnel from one Departmental Unit to another Departmental Unit in the Tamil Nadu Ministerial Service.

During the year under report, there were 60 cases in which Statutory Rules relating to age-limit and/or educational qualification, as the case may be, were relaxed by the Government.

SECTION XI.

Appeals and proposals for disciplinary action:

There was a significant increase in the number of disciplinary cases dealt with by the Commission during the year under report. The Commission dealt with 232 cases during the year 1978-79, whereas it dealt with 263 cases during the year under report, There were 52 cases pending with the Commission as on 1st April 1979 and 211 cases were received during the year under report. Of the 211 cases, the Commission called for records or particulars in respect of 63 cases. Out of the total of 263 cases, the Commission's advice was communicated to Government in respect of 207 cases relating to 220 persons leaving a balance of 56 cases. In respect of 19 out of 56 cases, the records or particulars are still awaited. 3 cases were returned to the Government as no reference to the Commission was necessary in those cases. In respect of 17 cases, the Commission advised modification of the punishments.

There were 127 cases as on 1st April 1979 on which Commission had communicated its views and the Government had to pass final orders. During the year 1979-80, the Commission communicated its advice on 207 cases. Of the 334 cases, the Government had passed orders on 204 cases leaving a balance of 130 cases. The Government sought the revised views of the Commission in respect of 3 cases The following statement shows the average time taken by the Government in making a reference to the Commission, the time taken by the Commission in giving its advice and the time taken in issuing orders.

Year.	Number of cases.	Average time taken by Government for making a complete reference to the Commission after issue of a charge sheet/receipt of appeals, etc.	Average time taken by the Commission for giving their advice.	Average time taken by the Government for passing orders after issue of Commission's advice.	Total time taken. (3+4+5).
(1)	(2)	(3)	(4)	(5)	(6)
1979-80	204	Months 14	Months 2.7	Months 6.3	Months 23

Disciplinary cases have necessarily to be considered with great care and, therefore, some time is required for examining all the records and reaching a conclusion regarding the charges and the penalties, if any to be imposed. The Commission has taken steps to see that no avoidable delay occurs in the consideration of the cases. Details of number of cases involving charges affecting integrity and number of cases involving charges other than integrity department wise in respect of Appeal/Review Petitions/Petitions/Revisions Petition/Discipliary Action/Proposal for reduction or recovery from pension are furnished in Tables I, II and III in Appendix (E).

The Commission also advised the Government on two references relating to grant of injury pension to a Government Servant and to the extra-ordinary pension to the parent of a deceased Government Servant. The Commission was consulted by the Government and other appointing authorities in 39 cases in the matter of requests for alteration of date of birth of Government Servants.

XII. GOVERNMENT AND THE COMMISSION.

(A) INSTANCES OF DEVIATION FROM THE COMMISSION'S ADVICE.

(1) In June 1977, the Government requested the Commission to accord its concurrence under the latter part of Regulation 16 (*b*) of the Tamil Nadu Public Service Commission Regulations, 1954 for the regular appointment of Selvi K. Vijayalakshmi, *Sister* of *Late* K. Manonmani Amma, formerly employed as Junior Inspector of Co-operative Societies in the Co-operative Department, as Senior Inspector of Co-operative Societies in the Tamil Nadu Co-operative Subordinate Service. The Commission regretted its inability to accord its concurrence for her appointment as Senior Inspector of Co-operative Societies on the ground that, according to orders issued in G.O. Ms.

No. 560, Labour and Employment, dated 3rd August 1977, the sister of a deceased Government Servant was not entitled to the concession admissible to "near relative" of the deceased servant and that the candidate in question could not be considered for regular appointment in Government Service otherwise than through normal procedure prescribed for direct recruitment to the post. The Government, however, informed the Commission that they had decided to relax the definition of the term "near relative" specified in G.O. Ms. No. 560, Labour and Employment, dated 3rd August 1977, in favour of the candidate as a special case and appointed her as a Senior Inspector of Co-operative Societies on temporary basis in G.O. Ms. No. 247, Co-operation, dated 13th April 1978 and requested the Commission to accord its concurrence for her regular appointment as Senior Inspector of Co-operative Societies. The Commission informed the Government that it was of the view that the term "near relative" had already been defined and that there was no question of relaxing a definition and expressed the opinion that, as the object of the Government was only to provide means of livelihood when the breadwinner died in harness it would be more than sufficient if the near relative of the deceased Government Servant was provided with an employment in a post not higher than that of a Junior Assistant, that it was open to the candidate, who was better qualified for a higher post, to apply for it through normal procedure and that the Commission found no justification to reconsider its earlier decision, not to accord its concurrence for the regular appointment of Selvi K. Vijayalakshmi as Senior Inspector of Co-operative Societies in the Tamil Nadu Co-operative Subordinate Service. The matter was also taken up with the Government in the Labour and Employment Department to avoid relaxation of the definition of the term "near relative" pointing out that, if allowed, it would create an inconvenient precedent. But the Government issued orders in G.O. Ms. No. 523, Co-operation, dated 27th August 1979 regularising the services of Selvi K. Vijayalakshmi, his sister of late K. Manonmani Amma, as Senior Inspector of Co-operative Societies, in spite of the Commission's refusal to accord concurrence for her appointment as Senior Inspector of Co-operative Societies. The Commission regrets to note that the Government in a Department have not observed the norms which the Government in another Department have fixed in regard to the definition of the term "near relative". while extending the concession for the employment given by the latter Department to the dependent of the deceased Employee under its administrative Control. This is also against the Commission's stand not to appoint a person in a post higher than that of Junior Assistant which has been adopted by other departments of the Government.

(2) In March 1978, the Government in the Education Department sought the Commission's concurrence under the latter part of Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations 1954 for the regular appointment as School Assistant in the

Tamil Nadu Educational Subordinate Service, of Selvi A. Kalaiselvi, daughter of late Thiru S. Arunachalam, Tamil Pandit, who died while in service, leaving the family in helpless condition. The Commission regretted its inability to accord its concurrence on the ground that the object of Government conveyed through G. O. Ms. No. 225, Labour, dated 15th February 1972 is to provide employment to the close relative of a deceased Government servant and that such employment need not be in a category higher than the post of Junior Assistant even though the dependent might be qualified for a higher post. The Commission, however, conveyed its view that it would have no objection to accord its concurrence, if the person in question, were to be absorbed as a Junior Assistant in the School Education Department. But the Government ignored the advice of the Commission and ordered the regular appointment of Selvi A. Kalaiselvi as School Assistant in the the Tamil Nadu Educational Subordinate Service.

The Commission regrets to point out that this action of Government in the Education Department in ordering the appointment of Selvi A. Kalaiselvi as School Assistant is against the principle which the Commission had been insisting on the Government that the son/daughter of a deceased Government Servant should not be appointed in a post higher that that of a Junior Assistant, which is sufficient to help the family of the deceased Government Servant in indigent circumastances and that if the particular individual is qualified for higher posts it would be open to him to compete for such higher posts in the prescribed way to a future date. It also regrets to point out that this is yet another instance of Government's such action.

(3) In March 1978 the Government in the Public Works Department sought the concurrence of the Commission under the latter part of Regulation 16 (*b*) of the Tamil Nadu Public Service Commission Regulations, 1954, for the regular appointment of Thiru K. Murugan as Assistant Engineer on the ground that his father who was working as a Divisional Engineer (Highways) died while in service. The Commission infomed the Government that it had taken a decision not to accord its concurrence for the regular appointment of relative of a deceased Government employee to anypost higher than that of a Junior Assistant and had addressed the Government in the Personnel and Administrative Reforms Department to re-examine the orders issued in G.O. Ms. No. 560, Labour and Employment, dated 3rd August 1977 and issue revised orders in that regard and that it could not therefore accord its concurrence for his appointment as Assistant Engineer.

Again in March 1979 the Government requested the Commission to reconsider the stand taken by it earlier and to accord its concurrence As the Commission's decision not to give concurrence under Regulation 16 (*b*) for the appointment of the near relatives of the deceased Government Servants to posts higher than that of a Junior Assistant had already been communicated to the Government in the Personnel and Administrative Reforms

(Personnel-M) Department with the suggestions (i) to re-examine the orders issued in G.O. Ms. No. 560, Labour and Employment, dated 3rd August 1977 and (ii) to issue revised orders restricting the appointment of a relative of a deceased Government Servant to a post not higher than that of a Junior Assistant and as the final orders of the Government in the Personnel and Administrative Reforms Department in the matter were awaited, the Commission regretted its inability to reconsider its eariler decision and suggested that, if Thiru K. Murugan was willing and if the Government also so desired, the Commission might be addressed separately for its concurrence for his regular appointment as Junior Assistant together with the particulars of his family position and the income derived by his family members. But the Government ignored the advice of the Commission and ordered the regular appointment of Thiru M.K. Murugan as Assistant Engineer in the Highways and Rural Works Department.

The Commission regrets to point out that this action of the Government in the Transport Department in ordering the appointment of Thiru K. Murugan as Assistant Engineer in the Highways and Rural Works Department is against the principle which the Commission had been insisting on the Government that the son/daughter of a deceased Government Servant should not be appointed in a post higher than that of a Junior Assistant, which is sufficient to help the family of the deceased Government Servant in a indigent circumstances and that the particular individual, if he is qualified for higher posts, it would be open to him to compete for such higher posts, in the prescribed way at a future date. It also regrets to point out that this is yet another instance of Government's such action and may be a trend setter to make such appointments to higher posts other than in the normal manner prescribed in the rules, which is not conducive to efficient administration.

(4) In July 1978, Government in the Public Works Department sought the Commission's view on their proposal to conduct a special recruitment for those who had put in not less than one year of temporary services as on 1st June 1978 as Geological Assistant and Geophysical Assistant in the Ground Water Wing, Public Works Department and who were qualified under rules except in respect of age on the analogy of the special recruitment ordered in G.O. Ms. No. 440, Public Works, dated 12th February 1971 in respect of the Junior Engineers/ Supervisors.

But the Commission did not agree to that proposal and informed the Government that the vacancies should be advertised allowing the temporary incumbents to apply for the posts, subject to relaxation of thr age rule wherever necessary.

The Government, however, did not accept the Commission's advice but considered that the object of holding special recruitment was for the regularisation of temporary services of Geological and Geophysical

Assistants then working in the Ground Water Wing in view of their past, experience and decided to hold special selection exclusively for the departmental candidates through the Commission. The Government permitted the temporary Geological and Geophysical Assistants in the Ground Water Wing who possessed the educational qualifications prescribed in the Ad-hoc rules issued in G.O. Ms. No. 1924, Public Works, dated 24th December 1977 and who had put in not less than 2 years of service in Ground Water Branch, either in regular establishment or in the work charged establishment (which had since then been brought in to regular establishment) as on 1st July 1979 to compete for the special section. The Government also issued orders relating to the method of submission of applications to the Commission. Amendments to ad-hoc rules were also issued specifying that the age-limit would not apply to the special selection.

The Commission regrets to point out that due regard was not given to its advice.

5. In December 1974, the Government requested the Inspector of Municipalities to issue instructions to the Commissioner, Alandur Municipality to lodge a complaint with the Inspector of Police, Chingleput in connection with the tampering of records connected with the assessment of property tax of Jayalakshmi Theatre. Accordingly, the Inspector of Municipalities requested the appellant to lodge a complaint with the Superintendent of Police, in connection with the tampering of records in preparing the assessment of property tax for Jayalakshmi Talkies. Though the Commission was reminded several times, he did not send any report in the matter. Disciplinary proceedings were instituted against him for not complying with the instructions of the Inspector of Municipalities in the matter. He submitted his representation. After considering the representation, the Inspector of Municipalities took a lenient view and passed orders stopping his increment for two years without cumulative effect. Against that order he preferred an appeal to the Government. In October 1978, the Government sought the views of the Commission as to the orders to be passed on the appeal. The Commission observed that the appellant delayed the matter and ultimately failed to lodge a complaint with the police, that he could have straightway lodged a complaint with the p lice and that there was no need to take the opinion of the Public Prosecutor to lodge a complaint with the police as the preliminary enquiry by the police had disclosed that there was some correction in the Demand Register without basis, made by the Taxation Clerk. The Muncipality had lost more than Rs. 7,000 because of the delay in filing the complaint by the appellant. The Commission therefore upheld the findings and advised that the appeal might be dismissed. The Government did not accept the Commission's advise but allowed the appeal and set aside the order of punishment imposed on the appellant. The reasons adduced by

them for deviating from the commission's advice are (i) that the appellant had not worked as Municipal Commissioner, when the alleged tampering of records had taken place at Alandur Municipality (ii) that the explanation offered by him for the delay in filing police complaint, viz. that he had followed the normal procedure of seeking legal opinion from the Public Prosecutor, was reasonable and (iii) that subsequent to police complaint, the Police had not made out any case against anybody on the alleged tampering of records. They, therefore, considered the punishment inflicted against the appellant, as unreasonable and issued orders in G.O. Ms. No. 1822, Rural Development and Local Administration, dated 19th November 1979 setting aside the orders of the Inspector of Municipalities stopping the increment of the appellant for a period of two years without cumulative effect. The well established convention is that the Commission's advice should be accepted in all cases except where matters of policy are involved or imperative reasons exist. In the instant case no matter of policy or imperative reasons existed, necessitating deviation from the Commission's advice and yet the Government had chosen to deviate from the Commission's advice in violation of the established convention.

(6) In December 1978, the Government sought the Commission's concurrence for the regular appointments of the following 13 persons to certain technical posts to which they were initially appointed temporarily in the Tamil Nadu Film Division and Institute of Film Technology, Madras:—

Institute of Film Technology, Madras.

1. Thiru C. M. Venkataraman
2. Thiru R. Nagalingam
3. Thiru M. Rajaraman
4. Thiru K. Loganathan
5. Thiru P. V. Sathyanarayanamoorthy
6. Thiru R. Swaminathan
7. Thiru P. Papuraj
8. Thiru Robert Asirvatham
9. Thiru S. M. Fidelis
10. Thiru R. Bakthavatchalam.

Tamil Nadu Film Division, Madras.

11. Thiru K. Navaneetham.
12. Thiru D. Nehru Dhyriam.
13. Thiru C.N.A. Rajendran.

Out of 13 persons, 6 persons were temporarily appointed prior to the date from which those posts were brought within the Commission's purview. Six of them had exceeded the prescribed age limit on 1st July 1979. Eight did not possess qualification or experience prescribed for the posts. All these posts are within the Commission's purview and are governed by rules and recruitment to those posts has to be made in consultation with the Commission. Ever since the posts in Institute of Film Technology and Tamil Nadu Film Division were brought within the Commission's purview, no recruitment has been made to those posts by the Commission. Hence the Government were informed that the Commission was of the view that there was no justification for regularisation of the services of the temporary incumbents without following the ususal procedure prescribed for direct recruitment and that the proper course would be to advertise the vacancies and allow the temporary employees of these posts to apply for the posts subject to the relaxation of relevant rules in their favour, wherever necessary, by invoking the orders issued in G.O. Ms. No. 1221, Personnel and Administrative Reforms (Personnel-M), dated 10th October 1977. In those circumstances, the Commission refused to accord its concurrence for regular appointments of those 13 persons and advised the Government that the vacancies be advertised and case of temporary employees considered along with the other applicants on merits. But in G.O. Ms. No. 2007, Public (Information and Public Relations Administration-II), dated 22nd September 1979, the Government issued orders regularising the services of all the 9 temporary incumbents with retrospective effect by relaxation of relevant rules *deviating from the views of the Commission.* It is stated in the G.O. that the views of the Tamil Nadu Public Service Commission were applicable only under normal circumstances and that the cases of the temporary incumbents were *peculiar,* that the posts in the Film Divison and Film Institute were *purely technical,* that similar posts did not exist in other departments of Government and that they required specialised knowledge in Film Technology. The Government also stated that those staff, by virtue of their long years of service in the Institute of Film Technology and in the Tamil Nadu Film. Division had acquired the required specialised knowledge and that it would be advantageous to the Institute of Film Technology and to Tamil Nadu Film Division to have them in service on regular basis. In the Commission's view, the posts in the Film Technology cannot be termed as *peculariirly technical posts* when compared to the posts of Inspectors of Boilers, Professors of Engineering Colleges, etc., for which the Commission has been recruiting candidates. The Commission sees no

matter of policy involved in this matter, on which alone the Government can deviate from the Commission's advice and regrets to note that its advice based on similar cases dealt with it accepted by the Government in other departments, has been ignored without any justifiable reasons.

(7) In May 1977, the Government in the Health and Family Welfare Department requested the Commission to select one candidate for appointment by direct recruitment to the post of Editor in the State Family Planning Bureau, Madras in the Tamil Nadu Public Health Service. Since the form of physical fitness to be produced by the selected candidates for that post and the standard of vision required of the candidates for appointment to the post had to be announced in the Notification to be issued by the Commission for that purpose, the Government were requested to specify them. In the meantime, the Government, in September 1977 requested the Commission to admit the application of a candidate who was temporarily working as Editor in the State Family Planning Bureau, for direct recruitment to the above post and stated that they would relax the age rule in his favour, if he was selected by the Commission. During March, 1978, the Government instead of specifying the form of physical fitness and the standard of vision required of the candidate to be selected for appointment to the post, requested the Commission to accord its concurrence under the latter part of Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations, 1954, for the regular appointment of the temporary incumbent of the post with effect from 1st March 1970 in the post of Editor in the State Family Planning Bureau, solely on the basis of his temporary services. One of the qualifications prescribed for the post is minimum General Educational Qualification. On the date of his appointment to the post viz., 1st April 1970, the temporary holder of the post, though within the prescribed age-limit did not possess the then Minimum General Educational Qualification but had however been declared eligible for admission to University Course of study. The Commission found no compelling reason to consider his case and it declined to accord its concurrence for his regular appointment being made without the ordinary statutory reference to it. In July 1978, the Government again requested, the Commission to accord its concurrence at least from 31st October, 1974, from which date, the eligibility for admission to College courses of studies in the Madras, Madurai and Annamalai Universities was prescribed as an alternative qualification to Minimum General Educational. Qualification. The Commission again refused to accord its concurrence as the Government had not adduced any special or fresh reasons for reconsideration of the views and the Government were requested to direct the officer in question to compete along with others and take his chance in the recruitment. But the Government, in G.O. Ms. No. 1329, Health and Family Welfare, dated 30th July 1979, ordered his regular appointment with effect from the date of his first appointment i.e., on 1st April

1970 relaxing the rule relating to age and educational qualification in his favour for such appointment, deviating from the advice of the Commission. The Government have chosen to order regular appointment of an Officer in a Gazetted post without following the prescribed procedure in spite of the Commission's refusal to accord its concurrence for his appointment without ordinary statutory reference to it.

Failure to report the vacancy in the post to the Commission for notifying it for direct recruitment in the year 1971 itself soon after the rules governing the post were issued in G.O. Ms. No. 1875, Health and Family Welfare, dated 14th July 1971, is on the part of the Head of the Department and the Government. Having continued the temporary appointment for nearly seven years without any reason, the contention of the Government that the officer had been continued in service for eight years, that his work had been satisfactory and that he was discharging his duties satisfactorily could not be accepted as a justifiable or adequate reason for regularising the services of an individual without following the prescribed procedure of recruitment. The deviation by the Government from the Commission's recommendation that the post be advertised and the incumbent be allowed to compete with others which was based on the Government's own original proposal, was violation of the convention established by the Government themselves that the advise of the Commission should be accepted in all cases except where matters of policy or where imperative reasons existed for not accepting the Commission's advice. This was not a case which involved a matter of policy or where any imperative reasons existed for not accepting the Commission's advice but was a case of regularisation of the temporary services of an individual who was continued in service contrary to the provisions contained in Rule 10(a) (iii) of the General Rules for the Tamil Nadu State and Subordinate Services, deviating from the Commission's advice.

(8) In July 1975, the Government sought the views of the Commission on their proposals to absorb in Government service on regular basis 150 persons comprising 15 Assistants, 87 Junior Assistants and 40 Typists in the National Malaria Eradication Programme (N.M.E.P.) who were in service as on 1st January 1973 by excluding their appointments from the purview of the Commission on the analogy of the orders issued in G.O. Ms. No. 1401, Revenue, dated 9th May 1972, wherein the services of the temporary clerks and Typists in the Survey and Land Records (S and LR) Department who had put in service of over five years were regularised. The orders issued in the said G.O. were not in accordance with the Commission's views.

In the present case, the reasons adduced by the D.H.S. and F.P. for making the regular appointments of the person in the NMEP were as follows:

The following 150 persons were working in NMEP for the past Ten Years.

Assistant	:	15
Junior Assistants		87
Typist	:	48
		150

They had appeared for the Group IV Services Examination conducted by the Commission several times but in vain. The Director stated that they were well experienced in the day-to-day administrative work and that it would be a hardship to them if they were asked to sit for the Examination once again or to oust them now from service and that, therefore, it was inescapable to retain them in service by relaxing the rules in their favour. He however, proposed to bring all future vacancies arising in the Malaria Eradication Programme under the purview of the Commission.

The Commission, however, regretted its inability to accord its concurrence for the regular appointment of the candidates for the reasons stated below ;

Persons were employed in the National Malaria Eradication Programme on contract basis only The contract not only provided for probation, increment, leave etc., but also for the termination of services of the persons on the completion of the programme as and when not required and without any claim for compensation, gratuity or further appointments in the department. With reference to the proviso to Regulation 16(*d*) (ii) of the T.N.P.S.C. Regulations, 1954, the Commission ratified the continuance beyond five years of the contract appointments as and when it was addressed. The candidates were, therefore, aware that according to the contract entered into by them, they would be ousted from service when the scheme was abolished or when their services were no longer required. If the candidates had appeared for the Competitive Examination for recruitment to the Posts in Group IV Services, but could not get themselves selected, it was because that they had not attained the required standard for selection. When a large number of candidates who had obtained high marks at the competitive examination were waiting in the approved list for want of vacancies, it would not be proper to regularise the services of the 150 persons appointed on contract basis, after excluding such appointments from the Commission's purview. The Commission, however, opined that there was no justifica-

tion to give the temporary personnel working on contract basis in the N.M.E.P., in H.S. and F.W. Department, a different treatment from that given to the temporary persons working for many years as Junior Assistants, Typist, etc. in other departments under the State Government. The Commission, however, suggested that the persons, who satisfied the conditions laid down for admission to the Special Qualifying Examination might be asked to apply to the Commission for the said examination. But, in G.O. Ms. No. 1771, Health and Family Welfare, (H. & F.W.), dated 13th October 1978, the Government issued orders regularising the services of the temporary Assistants, Junior Assistants and Typists in N.M.E.P. Department who were in service as on 1st January 1973 and excluded such appointments from the purview of the Commission by making a Regulation under the proviso to Article 320(3) of the Constitution of India, inspite of the advice of the Commission against such a decision.

This is yet another case in which the Government have not accepted the views of the Commission but excluded the posts of Assistants, Junior Assistants and Typists from the Commissions purview with a view to regularising the services of certain temporary persons. By making a Regulation under the proviso to Article 320(3) of the Constitution of India, such persons who were appointed temporarily and who managed to continue in temporary employment for some years have succeeded in getting into regular service through the backdoor, giving a go by to the claims of candidates who competed for regular recruitment on the results of the Competitive Examinations prescribed for such regular recruitment. The Commission feels very strongly about it, as it will open the flood gates for similar requests from other departments which may be difficult to resist.

(B) NON-CONSULTATIONS WITH THE COMMISSION IN REGARD TO APPOINTMENTS, RULES ETC.

(1) In G.O. Ms. No. 2700 Public (Services-A), dated 28th November 1970, the Government issued orders that the essential qualification for the posts included in the State and Subordinate Services, for which a degree in Arts or Science was required, should be a degree obtained through Tamil Medium and that in the absence of such qualified Tamil Medium candidates, those who had studied in English Medium be considered for appointment. The Government also requested the departments of Secretariate to examine and amend the rules suitably. The Commission sought for certain clarifications on that Government order. A final reply in this regard is yet to be received from the Government.

In the meantime, in G.O. Ms. No. 1148, Public (Services-J), dated 28th April 1972, the Government issued orders to amend the special rules for the Tamil Nadu Secretariat Service giving preference to Tamil

Medium Graduates for purpose of appointment to the posts included in Tamil Nadu Secretariat Service. Similar orders were issued in G.O. Ms. No. 3497, Public (Secretariat Library), dated 19th November 1971 to amend the ad-hoc rules for the temporary post of Librarian in the Tamil Nadu Secretariat Service. The above amendments were issued without consulting the Commission. As all posts in the Tamil Nadu Secretariat Service, except those specifically excluded are within the Commission's purview, the Commission should have been consulted by the Government before the issue of the above two amendments as required in Article 320 (3) of the Constitution of India. The Commission, therefore, requested the Government to cancel the orders issued in the above two Government orders and suggested that the question of amending the rules might be taken up after a final reply referred to in the first paragraph on the clarification sought for by the Commission, was received from the Government. The Commission also requested the Government to state the circumstances under which the Government did not consult the Commission before the issue of those amendments.

The Government in their letters No. 45513/79-7, Personnel and Administrative Reforms (Personnel-A) department, dated 24th March 1980 and No. 60893/79, Public (Secretariat-Library) dated 5th May 1980, stated that the orders issued in G.O.Ms. No. 2700, Public (Services -A),dated 28th November 1970, were based on the introduction of Tamil as the official language of the State and on the introduction of Tamil Medium in several Colleges and that the departments of Secretariat were requested to examine the various rules and to issue necessary amendments in consultation with the Commission, wherever necessary. They stated that the omission to consult the Commission in the instant cases was only by oversight and made inadvertently and that it was neither intentional nor deliberate. In the circumstances, they considered it not necessary to cancel their orders issued in G.O. Ms. No. 11481, Public (Services-J), dated 28th April 1972 and in G.O. Ms. No. 3497, Public (Secretariat Library), dated 19th November 1971. The Commission trusts that care would be taken by the Government to avoid such omission in future.

(2) In G.O. Ms. No. 932, Health, dated 3rd April 1971, the post of Computors sanctioned in the Family Planning Centres was brought within the Commission's purview. At the instance of the Director of Health Services and Family Planning, the Commission issued a notification in June 1973 inviting applications for 358 appointments by direct recruitment to the post of Computors in the Family Planning Centres in the Tamil Nadu Public Health Subordinate Service. In response to the Commission's notification applications were received from 8,586 candidates of whom 8,457 candidates were found to be prima facie qualified. As the number of candidates was unduly large with egard to the vacancies (358) a written shortlisting examination was

conducted on 2nd December 1973 comprising one paper in English Composition and another in General Knowledge at various Centres. 6,992 candidates appeared for the written examination. The Commission decided to call for 1,407 candidates from among them for the oral test. In the meantime, in June 1974, the Government requested the Commission not to pursue the selection of candidates as the then Chief Minister had accepted the representation made by the Non-Gazetted Government Officers' Association regarding regularisation of the services of the existing temporary Computors. The Commission did not agree to the Government's proposal. Subsequently, in March 1975, the Government sought the Commission's concurrence under the latter part of Regulation 16 (*b*) of the Tamil Nadu Public Service Commission Regulations, 1954, for regular isation of the temporary incumbents. The Commission did not accord its concurrence. The Special Secretary to Government, Health and Family Welfare Department had discussions with the Chairman on 3rd September 1975 and 18th May 1976. In May 1980, the Government issued orders in G.O. Ms. No. 816, Health and Family Welfare, dated 6th May 1980 to the effect that at the meeting of the Tamil Nadu Civil Services. Joint Council held on 6th October 1979, it was suggested that these posts might be withdrawn from the purview of the Tamil Nadu Public Service Commission and that the temporary Services of all the computors then in service might be regularised with retrospective effect from the dates of their temporary appointments. It was further stated that the Government examined the proposal and decided that the posts of Computors under the Family Welfare Programme in the Tamil Nadu Public Health Subordinate Service be taken out from the purview of the Tamil Nadu Public Service Commission effect from 9th January 1970. The Government also regularised the services of all the Computors (246) working in Family Welfare Wing by relaxing the relevant rules regarding age and educational qualifications, wherever necessary, in favour of those candidates. The Commission had therefore, to cancel the notification advertised in 1973by it. The Government did not choose consult the Commission before taking a post within its purview out of it. No justification was also set out to exclude the post from the Commission.s purview. The Commission observes that the Government are not following their own decision in such exclusion i.e., to apprise the Commission the circumstances leading to the proposal for exclusion and to ask for its view The Commission trusts that other departments of the Government will observe the Secretariat instructions strictly before taking such decisions.

(3) In G.O. Ms. No. 905, Rural Development and Local Administration, dated 19th May 1977, the Government in Consultation with the Commission issued orders to the effect that 25 per cent of the vacancies arising in the post of Municipal Commissioner,Grade I in the Tamil Nadu Municipal Commissioners Service be filled up by direct recruitment

But in G.O. Ms. No. 2074, Rural Development and Local Administration, dated 28th December 1979, the Government issued orders cancelling the orders issued in G.O. Ms. No. 905, Rural Development and Local Administration, dated 19th May 1977 for the reason that reservation of 25 vacancies in Grade I Post of Municipal Commissioner for direct recruitment would affect the promotional opportunities of Grade II Municipal Commissioners. While issuing the cancellation orders in G.O. Ms. No. 2074, Rural Development and Local Administration, dated 28th December 1979, the Commission was not consulted even, though the Government consulted the Commission while issuing orders in G.O. Ms. No. 905, Rural Development and Local Administration, dated 19th May 1977 reserving 25% of vacancies in the post of Grade I Municipal Commissioner for direct recruitment. The Government were asked to state the circumstances under which they issued orders modifying the methods of appointment to a post within the Commission's purview, without consulting it. The Government in reply stated that in G. O. Ms. No. 905, Rural Development and Local Administration, dated 19th May 1977, only executive order was issued providing for reservation of 25% of vacancies in the post of Municipal Commissioner Grade I, for direct recuitment and that effect of such an order would take place only if the concerned rules were suitably amended. As the Government did not amend the concerned rules and in view of the fact that the orders issued in G.O. Ms. No. 2074, Rural Development and Local Administration, dated 28th December 1979 facilitiated for restoration of the rules status-quo and as there was no particulars intention if not consulting the Commission before the issue of orders in G.O. Ms. No. 2074, Rural Development and Local Administration, dated 28th December 1979, the Government requested the Commission not to pursue the matter. The Government's stand is contrary to their own instructions issued in U.O. Note No. 4020/54-2, Public (Services) dated 11th September 1954 that the Commission should be consulted even before a decision affecting the subject matter within its purview was taken by them and not merely at the time of issue of amendments to statutory rules. The Commission trusts that such omission would be avoided in future.

(4) In G.O.Ms. No. 936, Home, dated 9th April 1979 ad-hoc rules for the temporary post of Selection Grade Regional Probation Officer Tamil Nadu Jail Service, were issued without consulting the Commission. As the post is a gazetted one, the Commission should have been consulted before the issue of the *ad-hoc* rules for the post which is within the Commission's purview as required by Article 320(3) of the Constitution of India. The Government were, therefore, asked to state the circumstances under which the Commission was not consulted before the issue of the *ad-hoc* rules in the above said G.O. The Government replied that the posts Regional Probation Officers in Branch II of the Tamil Nadu Jail Service which are under the purview of the Commission, constitute

a separate category; that according to the ad-hoc rules, the post was to be filled up only by promotion from among the Superintendent After Care Home for Males and the Regional Probation Officers and that, as the posts were intended to be filled only by promotion, it was thought that it was not necessary to refer the draft *ad-hoc* rules to the Commission. The Government also stated that the omission to consult the Commission while issuing the *ad-hoc* rules for the post of Selection Grade Regional Probation Officer in G.O. Ms. No. 936, Home, dated 9th April 1979 *was neither intentional nor deliberate*. Eventhough the method of appointment prescribed for the post was only by promotion and the Commission need not be consulted for making the actual appointment to the said post, the Commission should have been consulted for prescribing the principles of appointment as required by Article 320(3) of the Constitution of India. The Commission trusts that such omission would be avoided in future.

(5) In G.O. Ms. No. 710, Forests and Fisheries (S.T.), dated 6th July 1979 ad-hoc rules for the temporary post of Joint Director of Statistics in the Tamil Nadu Statistics Service were issued without consulting the Commission. As the post is a gazetted one and is within the Commission' purview, the Commission should have been consulted before issue of the ad-hoc rules for the said post as required by Article 320(3) of the Constitution of India. But the Government did not consult the Commission before issuing the ad-hoc rules. The Government were, therefore, asked to state the circumstances under which the Commission was not consulted before the issue of ad-hoc rules. The Government in reply stated that the post of Joint Director of Statistics was a selection category, that appointment to the post was to be made by promotion from the category of Deputy Director of Statitsctics in the Tamil Nadu Statistics Service and that in view of this, it was considered that consultation with the Commission might not be necessary. The Government also stated that the omission to consult the Commission before issue of ad-hoc rules for the post of Joint Director of Statistics in G.O. Ms. No. 710, Forests and Fisheries (S.T.), dated 6th July 1979 was neither intentional nor deliberate. Eventhough the only method of appointment prescribed for the said post was by promotion from Deputy Director of Statistics and consultation with the Commission was not necessary for making actual appointment to the post, the Commission should have been consulted before issue of the said ad-hoc rules prescribing the principles of appointment. The Commission trusts that such omission on the part of the Government would be avoided in future.

(6) In August 1975, the Government in the Home Department, forwarded a copy of draft revised Special Rules for the Tamil Nadu Transport Service and sought the Commission's views on them. In reply to certain clartifications sought by the Commission in November 1975, the Government forwarded revised draft Special rules for the Tamil Nadu

Transport Service in March 1977. The Commissions remarks thereon were communicated to the Government in June 1977. The Special rules for the TamilNadu Transport Service were re-issued inGO. Ms. No. 1461, Home (Transport-II), dated 26th June 1978. According to rule 2(*a*) of the revised draft Special rules, the vacancies in Category 2 (viz) (1) Regional Transport Officer and Additional Transport Officers and (2) Assistant Secretary (State Transport Authority) other than those filled up by recruitment by transfer from any other service on a tenure basis were proposed to be filled up by rotation, the first third and fifth vacancies being filled up by recruitment by transfer from among Motor Vehicles Inspectors, Grade I and the second and fourth vacancies being filled up by recruitment by transfer from Superintendents in the Selection Grade and Personal Assistants to Regional Transport Officers in the Ministerial Service. But while re-issuing the special rules for the said service, the order of rotation was changed as follows :—

First, Second, Fourth and Fifth vacancies.	By recruitment by transfer from Motor Vehicles Inspectors, Grade I.
Third Vacancy	By recruitment by transfer from Superintendents in the Selection Grade and Personal Assistants to Regional Transport Officers.

According to the provision contained in Article 320(3) of the Constitution of India, the Commission should have been consulted before such revision of the proposed ratio (i.e., principles to be followed in making appointment to a civil post) was made. As the Commission was not consulted before the issue of such orders, the Government were requested to state the reasons under which the Commission was not consulted before making revision of the proposed rotation. The Government stated as follows ;—

"At the time of issue of the rules, the relative strength of the feeder categories of posts were as followes :

(i) Motor Vehicles Inspector, Grade I ..	84
(ii) Superintendent, Selection Grade (5) and Personal Assistant to Regional Transport Officer (11).	16

Having regard to the relative strength of the feeder categories, the Government decided to revise the ratio in regard to appointment by transfer to Category 2 of the Tamil Nadu Transport Service between Superintendents, Selection Grade and Personal Assistants to Regional Transport Officers and Motor Vehicles Inspectors, Grade I as 1:4. The rules were to be issued immediately, so as to regularise the services of certain personnel appointed to the service and who were due to retire

and to enable them to avail the pensionary benefits. Eventhough appointments were made on the basis of a proposed rules, the services of the persons so appointed from 15th September 1974 were not regularised and they were not allowed to draw increments with a view to relieve the difficulties experienced by the personnel and as the proposed rules had already been approved by the Commission and as the change of ratio was with reference to the actual relative strength of the feeder categories, the Government considered it ncessary to issue Tamil Nadu Transport Service Rules immediately with the revised ratio".

Temporary appointment to the posts were made from 15th September 1974. The Government first referred the draft special rules to the Commission in August 1975. In reply to certain clarifications sought for in November 1975, the Government sent revised draft special rules in March 1977 (i.e., after a lapse of 15 months). The Commission's remarks on the revised special rules were communicated in June 1977. A clarification sought for by the Government was also replied in December 1977. The rules were issued finally on 26th June 1978 (after 6 months. Though the Government had time to consult the Commission on the change in the ratio proposed by them earlier, yet they did not do so, but carried out the change in the rules without consulting the Commission. Having taken nearly 4 years to issue the rules, the reasons put forth by the Government that they issued the rules in order to give the benefits to the officials without delay, for not consulting the Commission is not convincing. The Commission trusts that such lapses will not recur.

(7) In August 1978, the Government in Transport Department forwarded draft ad-hoc rules for the post of Director Motor Vehicles Maintenence Organisation and sought the Commission's views on them. The Commission's view on the draft ad-hoc rules were communicated to Government in September 1978. In G.O. Ms. No. 547, Transport, dated 15th May 1979, ad-hoc rules for the said post were issued. In the draft ad-hoc rules, the qualifications for appointment to the said post were proposed to be prescribed as follows:—

(i) By promotion	(1) Must possess a degree in Automobile or Mechanical Engineering or a Diploma in Automobile or Mechanical Engineering awarded by the SB.T.E.T. Tamil Nadu or of any recognised Institution or Board; and.
	(2) Must have worked as Works Manager in the Motor Vehicles Maintenance Organisation or in an equivalent post for a period of not less than five years.

(ii) Recruitment by transfer

(1) Must possess a degree in Automobile or Mechanical Engineering or Diploma in Automobile or Mechanical Engineering awarded by the S.B.T.E.T., Tamil Nadu or any recognised Institution or Board.

(2) Must have worked as Superintending Engineer under any other service for a period of not less than two years.

While communicating the Commission's views on the draft ad-hoc rules, only certain changes in the wordings of the qualifications were suggested to Government. But in G.O. Ms. No. 547, Transport, dated 15th May 1979, in which ad-hoc rules for the said post were issued the qualifications for the post have been changed as follows.—

By promotion .. .. ..

(1) A degree in Mechanical Engineering with Automobile as Elective;

Or

A diploma in Automobile Engineering known as D.M.I.T. (Auto) awarded by the Madras Institute of Tehcnology, Chromepet, to the Science Graduates;

or

A post Diploma in Automobile Engineering known as D.M.E., P.D. (Auto.). Any other degrree in Automobile Engineering approved as equivalent to the degree of Bachelor of Engineering recognised by the University Grants Commission; and

(2) Must have worked as Works Manager in the Motor Vehciles Maintenance Organisation for a period of not less than five years.

Recruitment by transfer ..	(1) A degree in Mechanical Engineering with Automobile as Elective. *Or* A diploma in Automobile Engineering known as D.M.I.T. (Auto) awarded by the Madras Institute of Technology, Chromepet to the Scinece Graduates; *Or* A post diploma in Automobile Engineering known as D.M.E.P.D. (Auto). Any other degree in Automobile Engineering approved as equivalent to the degree of Bachelor of Engineering recognised by the University Grants Commission; and (2) Must have worked as Superintending Engineer under Tamil Nadu Engineering Service or Tamil Nadu Highways Engineering Service for a period of not less thsn two years.

Further, in the draft ad-hoc rules, no saving clause was proposed. But in the rules issued in the G.O., the following saving clause was introduced as rule 6 of the ad-hoc rules ;

(6) *Savings.*—Nothing contained in these rules shall adversely affect any persons appointed to the post prior to the date of publication of these rules in the Tamil Nadu Government Gazette.

According to the provisions contained in Article 320(3) of the Constitution of India, the Commission should be consulted before precribing the method of appointment and qualification for the post within its purview. The Government were, therefore, asked to state the circumstances under which the Commission was not consulted before effecting the revision of the proposed qualification and introducing a

saving clause in the rules for the post in question. The Government in reply stated that they considered it ncessary to include a saving clause so as not to affect the present incumbent of the post, that the Commission should have been consulted before issue of the modified ad-hoc rules and that the modified ad-hoc rules had been issued by mistake without referring them to the Commission. The Government requested the Commission to accord 'post facto' concurrence for the ad-hoc rules issued for the said post. The Commission offered its further remarks in the matter. The Commission trusts that such omissions to consult it, will not recur.

(8) In G.O. Ms. No. 2498, Health and Family Welfare, dated 5th December 1977 and in G.O. Ms. No. 238, Health and Family Welfare, dated, 7th February 1978, the Government ordered absorption of certain persons in Government service consequent on the provincialisation of the Panchayat Union Dispensaries at Somarasempattai, Tiruchirappalli District and Viomedu in Thanjavur District.

The following Medical Officers were also among those who were so absorbed in Government Servce.

1. Dr. S. Gopalakrishnan.

2. Dr. D. Rajendran.

The actual designation of the post of Medical Officer is Lecturer, Grade II, in the department of Indian Medicine and the post is, governed by the ad-hoc rules issued in G.O. Ms. No. 3007, Health dated 4th September 1947, as subsequently amended. The post of Lecturer, Grade II, is within the Commission's purview and the Commission should have been consulted and its concurrence obatined under the latter part of Regulation 16 (*b*) of the Tamil Nadu Public Service Commission Regulations, 1954, before their regular absorption. This was pointed out to the Government. After prolonged correspondence, the Government finally accepted the Commission's views and requested the Commission to ratify their action in having absorbed those Medical Officers in Government Service regularly without consulting the Commission.

The Commission, in the peculiar circumstances of the case, accorded its concurrence under the latter part of its Regulation 16 (b) for the regular absorbtion of those Medical Officers (Lecturer Grade II) and also ratified the Government's Orders already issued. In the cases in question, the Government had failed initially to obtain the Commission's concurrence before the Medical Officers were regularly absorbed. The Commission trusts that such lapses will not recur.

(9) In the draft of the revised special rules for the Tamil Nadu Fisheries Service referred to the Commission for its remarks, it was proposed to prescribe a degree in Mechnical or Electrical Engineering or a Diploma in Refrigeration with eight years' service as Junior Refrigeration Engineer for appointment to the post of Fisheries Refrigeration Engineer by recruitment by transfer from the post of Junior Refrigeration Engineer. The Commission agreed to that proposal. But, in the special rules, re-issued, the qualifications were modified and the degree in Mechanical or Electrical Engineering and five years' service as Junior Refrigera ion Engineer were prescribed as qualifications for appointment as Fisheries Refrigeration Engineer. The Commission should have been consul ed before modifying the qualification with reference to the provisions in Artcile 320(3) of the Constitution of India. But as the Commission was not consulted before modification, the Government were requested to state the circumstances under which the Commission was not consulted in this regard. The Government expressed regret for the omission to consult the Commission before issuing the rules with the modification.

(10) In G.O. Ms. No. 1147, Labour and Employment, dated 17th July 1979 the Government issued orders that the Post-Graduate Diploma in Labour Administration to be awarded by the Tamil Nadu Institute of Labour Studies, Madras and the Post-Graduate Diploma in Personnel Managment, Industrial Relations and Labour Welfare awarded by the Madras Productivity Council be included as qualifica ion for direct recruitment to the posts of Labour Officer, and Assistant Inspectors of Labour. These two posts are within the Commissions' purview. According to the provisions contained in Article 320(3) of the Constitution of India, the Commission should have been consulted before issuing the above said orders and according to Government's U.O. Note 4020/54-2, Public (Services), dated 11th September 1954, the Commission should be consulted even before taking a policy decision in regard to prescription of qualification for a post with in the Commission's purview and not at the time of amendment of rules. The Government were, therefore, requested to state the circumstances under which the Commission was not consulted before issuing the above said orders. The Government in the Labour and Employment Department in reply stated that, in view of the urgency and in order to see that the Diploma course was started during the year and on the basis of the recommendation of the Commissioner of Labour and the Director, Tamil Nadu Institute of Labour Studies, Madras, the orders were issued after considering the recommendations that the omission to consult the Commission in this regard was not intentional but accidential and that Commission would however, be consulted at the time of amending the rules. They also stated that the omission to consult the Commission before issuing the orders might be condoned. The Commission trusts that such omission on the part of the Government will not recur and that the instructions issued in the Government's U.O. notes will be adhered to strictly.

(11) The Government in the Revenue Department in June 1978 forwarded the draft adhoc rules in resect of certain temporary posts in the cadre of Deputy Collectors in the Tamil Nadu Civil Services for the Commissions remarks. The Commission offered certain remarks on the draft rules. The Government taking into account the suggestions made by the Commission, issed ad-hoc rules in G.O. Ms. No. 789, Revenue, dated 6th April 1979. In the ad-hoc rules issued, certain posts which were included in the draft ad-hoc rules were omitted and certain other posts which were not included in the draft ad-hoc rules were included without consulting the Commission. The Commission should have been consulted before modifying the draft rules, before issue, with reference to the provisions contained in Article 320(3) of the Constitution of India. The Government were, therefore, asked to state the circumtansces under which the Commission was not consulted before carrying out the omission and inclusions in the ad-hoc rules. The Government in reply stated that the omission to consult the Commission was not intentional, that as the overall concurrence of the Commission was obtained on the proposals for amending the special rules for the Tamil Nadu Civil Service for inclusion of permanent posts of Deputy Collectors and for framing ad-hoc rules for the temporary posts in the cadre of Deputy Collectors, the necessity to consult the Commission again was not thought of and that the omission had occurred inadvertantly. The Government also regretted for this. The commission trusts that such omissions will not recur.

(12) The Government in G.O. Ms. No. 2228, Commercial Taxes and Religious Endowments, dated 27th December 1977, issued revised orders fixing the *inter-se* seniority among the directly recruited Joint Commercial Tax Officers for the year 1964, 1965, 1966 and 1967 and those of Joint Commercial Tax Officer recruited by transfer for the years 1964 and 1966 in accordance with the High Court's directives in its judgment delivered in the Writ Petitions No. 2016 and 2017 of 1972 filed by one of the direct recruits. The Commission was not consulted before revising the *inter-se* seniority of Joint Commercial Tax Officers selected by the Commission. The Commission should have been consulted before issue of orders in the said Government Order, with reference to the provisions contained in Article 320(3) of the Constitution of India. The Government, were, therefore, requested to state the circumstances under which the Commission was not consulted in the matter. The Government, in reply, stated that the failure on the part of the Government to consult the Commission before issue of orders in G.O. Ms. No. 2228, Commercial Taxes and Religious Endowments, dated 27th December 1977 was due to inadvertence and that the Commission would be consulted in such cases in future.

(13) According to sub-rule (3) of Rule 4 of the Special rules for the Tamil Nadu Forest Service, no Ranger appointed on or after 1st January 1968 shall be eligible for recruitment by transfer to the post of Assistant

Conservator of Forests, unless he has served for a period of not less than 3 years in any one or more of the Special Divisions such as Government Rubber, Tea Plantation, etc. In G. O. Ms. No. 700, Forests and Fisheries, dated 24th May 1980, the Government, without consulting the Commission issued an amendment to the Special rules for the said service, including the "Tamil Nadu Tea Plantation Corporation Ltd.," as one of the Special Divisions giving retrospective effect to the amendment from 12th March 1975. As the post of Assistant Conservator of Forest is within the Commission's purview and as appointment to it by recruitment by transfer should be made in consultation with the Commission, the Commission should have been consulted before the issue of the said amendment relating to qualification with reference to the provisions contained in Article 320 (3) of the Constitution of India. As the Commission was not consulted before the issue of the amendment the Government were asked to state the circumstances under which the Commission was not consulted before the issue of the amendment.

The Government in reply, stated that it was inadvertently omitted to consult the Commission and requested the Commission to condone the omission as a special case. The Commission trusts that such omission will not recur.

(14) The posts of Inspectors of Fisheries in the Fisheries Department in the Tamil Nadu Fisheries Subordinate Service are within the Commission's purview. In G. O. Ms. No. 299, Forests and Fisheries, dated 19th March 1975, one post of Inspector of Fisheries in the Statistical Wing of the said department was redesignated as Statistical Assistant. In G. O. Ms. No. 918, Forests and Fisheries, dated 23rd October 1978, ad-hoc rules for the redesignated post were issued and the post was also brought within the Commission's purview and classed as "Technical" for purpose of direct recruitment. The above orders were issued without consulting the Commission. The Commission should have been consulted by the Government before bringing the post within the Commission's purview and also before the issue of ad-hoc rules as required in Artcle 320(3) of the Constitution of India. The Commission therefore requested the Government to state the circumstances under which the Commission was not consulted before the issue of rules and orders bringing the post within the Commission's purview.

The Government in their letter No. 31439/FS. II/79-7, dated 21st April 1980 stated that there had been a lapse in not consulting the Commission on this matter and that the omission was neither intentional nor deliberate. The Commission trusts that care would be taken by the Government to avoid such lapses in future.

(15) In G. O. Ms. No. 1825, Home, dated 1st August 1978, the Government ordered that Regional Probation Officers who had passed the Jail Test, Part I alone be considered for appointment as the Superintendent, After Care Home and that Regional Probation Officers who had

not already passed the Jail Test, Part I, should pass the test within a period of two years from the date of that order, viz., 1st August 1978 and that if, in the meanwhile any Regional Probation Officer who had not passed the Jail Test, Part I was appointed as Superintendent, After Care Home for Males, he should pass the test within a period of one year from the date of such appointment and that his next increment should be sanctioned only on acquiring the qualification. According to the provisions contained in Article 320(3) of the Constitution of India, consultation with the Commission is necessary for prescribing or changing the conditions of service in regard to the method of appointment and qualifications for appointment to posts which are within the Commission's purview. As the post of Superintendent, After Care Home is within the Commission's purview, the Commission should have been consulted before the issue of the above said orders . But orders were issued without consulting the Commission. The Government were, therefore, requested to state the circumstances under which the Commission was not consulted before the issue of orders prescribing a pass in the Jail Test, Part I as a qualification for promotion to the post of Superintendent, After Care Home for Males. The Government in reply, stated that in the said G. O. orders were issued only to the effect that the Regional Probation Officers who had passed the Jail Test, Part I would be considered for appointment as Superintendent, After Care Home, that the Regional Probation Officer who had not passed the test should pass the test within a period of two years and that if, in the mean while, a Regional Probation Officer who had not passed the test was appointed as Superintendent, After Care Home, he should pass the test within a period of one year from the date of such appointment. The Government also stated that the Inspector-General of Prisons was requested to send draft amendments to the Special ad-hoc rules concerned and that failure to consult the Commission in the particular case was only by oversight and an omission made inadvertently. They further stated that draft amendments to the special rules for the Tamil Nadu Jail Service would be referred to the Commission for its views and that the omission to consult the Commission in this case was neither intentional nor deliberate. The Government themselves had already ordered that the Commission should be consulted even before a policy decision in regard to method of appointment, qualification, etc. in respect of posts whithin its purview was taken and that it would not be sufficient to consult it at the time of issuing the amendment. The Commission trusts that the instructions already issued will be followed and that such omission will not recur.

(16) In July 1975 the Government proposed to re-issue the special rules for the Tamil Nadu Fisheries Subordinate Service and sent draft rules for the Commission's remarks. The Commission offered its views on the draft rules. In G. O. Ms. No. 772, Forest and Fisheries, dated 2nd September 1978, the Government re-issued the special rules

for the Tamil Nadu Fisheries Subordinate Service. The Commission in its letter No. 4559/BA1/75, dated 8th January 1979, raised the following three points in respect of the re-issued special rules :—

(i) In the draft rules, recruitment by transfer from the members of the Tamil Nadu Ministerial Service employed in the Fisheries Department was proposed as one of the methods of appointment for the post of Inspector of Fisheries. But in the special rules re-issued, this method of appointment including the qualification for appointment by such appointment was omitted. The said deletion of method of appointment from among the methods prescribed for the post of Inspector of Fisheries which was within the Commission's purview should have been made only in consultation with the Commission. The Commission therefore requested the Government to state the circumstances under which the Commission was not consulted before deleting the said method of appointment.

(ii) While offering the Commission's views on the draft rules, for the post of sub-Inspector of Fisheries for every cycle of twenty vacancies, the Government were requested to modify the order of rotation and to distribute the vacancies as 15 : 5 between direct recruits and transferees/promotees. But in the re-issued rules the distribution was specified only as 14 : 6 as proposed in the draft rules. As this change in the proportion for filling up the vacancies in the post of Sub-Inspector of Fisheries (which was within the Commission's purview) from among the direct recruits and promotees/transferees was made contrary to the Commission's suggestion, the Commission requested the Government to state the circumstances under which its suggestion in this regard was not accepted.

(iii) The post Graduate degree in Zoology or Marine Biology was newly included as an alternative qualification for appointment by promotion to the post of Inspector of Fisheries in the re-issued special rules. The inclusion of the alternative qualification for appointment by promotion to the post of Inspector of Fisheries should have been made only in consultation with the Commission as the post was within the Commission's purview. The Commission therefore requested the Government to state the circumstances under which the Commission was not consulted before the inclusion of the said alternative qualification.

The Government in their letter No. 2224/F.SII/79-17, dated 18th August 1980 stated that due to oversight, the Commission could not be consulted before issuing the orders in respect of the three points referred to above and that the omission to consult the Commission was neither intentional nor deliberate. The Commission trusts that care would be taken by the Government to avoid such lapse in future.

GENERAL.

Thiru B.A. Ansari, Member of the Maharastra Public Service Commission, visited the Office of the Tamil Nadu Public Service Commission on 5th February 1980 and had a discussion with the Chairman and Members of this Commission on questions of common interest.

2. Thiru N. Sundaram, Chairman of the Madhya Pradesh Public Service Commission, Indore, visited the Office of the Tamil Nadu Public Service Commission on 8th February 1980 and had a discussion with the Chairman and Members of this Commission about matters relating to multiple choice questions and question bank system as well as mechanical data processing and other aspects.

3. During March 1980, Thiru S. Adaviappa, Member, Rajasthan Public Service Commission, Ajmer, visited this Commission to study the working of this Commission with regard to its organisational set up, administrative and financial powers, various examinations and procedures thereof, etc.

ACKNOWLEDGEMENT.

The Commission records its appreciation of the willing Co-opearion extended by various Trusts, Educational Institutions and their officers in the matter of providing suitable accommodation for the various examinations held by the Commission.

The Commission is also grateful to the examiners and expert advisers, who inspite of their personal inconvenience, readily accepted the Commission's invitations and assisted it in the conduct of different examinations and selections of officers to the various posts under the State Government.

Finally the Commission places on record, its appreciation of the loyal and efficient service rendered by its staff throughout the year.

Major General S. P. Mahadevan, A.V.S.M.,
Chairman.

GROUP III SERVICES (P.U.C. STANDARD) EXAMINATION HELD IN 1978—79.

English Composition.—The general performance of the candidates was not satisfactory.

General Knowledge.—The general performance of the candidates was satisfactory.

Language Translation and Composition (Tamil).—The geneial performance of the candidates was satisfactory.

Hindi.—The performance of the candidates was satisfactory.

Telugu.—The general performance of the candidates was satisfactory.

Malayalam.—The general performance of the candidates was satisfactory.

Mathematics.—The performance of the candidates was not satisfactory.

Physics.—The performance of the candidates was not satisfactory.

Chemistry.—The performance of the candidates was not satisfactory.

Natural Science.—The performance of the candidates was satisfactory.

Indian History.—The performance of the candidates was satisfactory.

World History.—The general performance of the candidates was not satisfactory.

Geography.—The performance of the candidates was not satisfactory.

Elements of Commerce.—The performance of the candidates was satisfactory.

Elements of Economics.—The performance of the candidates was not satisfactory.

Elements of Politics.—The performance of the candidates was not satisfactory.

Logic.—The performance of the candidates was not satisfactory.

Psychology.—The performance of the candidates was satisfactory.

Household Arts.—The general performance of the candidates was satisfactory.

Sociology.—The performance of the candidates was not satisfactory.

General Science.—The performance of the candidates was satisfactory.

Social Studies.—The performance of the candidates was satisfactory

The performance of the candidate in the following subjects was satisfactory.

General Knowledge	Tamil.
Language Translation and Composition	
Do.	Hindi.
Do.	Telugu.
Do.	Malayalam.

Natural Science.

Indian History.

Elements of Commerce.

Psychology.

Household Arts.

General Science.

Social Studies.

The performance of the candidate in the following subjects was not satisfactory.

English Composition.

Mathematics.

Physics.

Chemistry.

World History.

Geography.

Elements of Economics.

Elements of Politics.

Logic.

Sociology.

GROUP VI—SERVICES EXAMINATION HELD IN MAY, 1979—80.

English.—The general performance of the candidates was poor on account of their poor knowledge of English Grammar.

General Knowledge, Paper I.—The performance of the candidates was poor.

General Knowledge, Paper II.—The performance of the candidates was good.

Mathematics, Paper I.—The performance of the candidates in general was not good.

Mathematics, Paper II.—The performance of the candidates was satisfactory.

OPTIONAL SUBJECTS.

Chemistry.—The performance of the candidates was not very good.

Zoology.—The performance of the candidates was except a few poor.

Botany.—The performance of the English Medium candidates was better but those of Tamil Medium was poor.

Physics.—The performance of 50% was better and 50% was very poor.

Geology.—The general performance of all the candidates was not good.

Mathematics.—The performance was very poor.

GROUP VI SERVICES—FOREST APPRENTICE IN THE TAMIL NADU FOREST SUBORDINATE SERVICES, 1980.

English.—The general performance of the candidates was not so good. Their performance in Grammar was very poor.

General Knowledge, Paper I.—The performance of the candidates in general was poor.

General Knowledge, Paper II.—The performance of the candidates in general was good.

Mathematics, Paper I.—The performance of the candidates was fairly good.

Mathematics, Paper II.—The performance of the candidates was average.

Mathematics, Optional.—The performance of the candidates was poor.

Physics.—The perfomance of the candidates was not satisfactory.

Chemistry.—The perfomance of the candidates was not satisfactory.

Botany.—The performance of the candidates on the whole was satisfactory.

Zoology —The General performance of the candidates was very poor.

Geology.—The general performance of the candidates was not satisfactory.

SPECIAL TEST EXAMINATIONS—MAY 1979.

1. *The Account Test for Executive Officers.*—The performance of the candidates was generally satisfactory.

2. *The Civil and Criminal Judicial Test for Members of the Judicial Department, Part III* —The performance of the candidates was good.

3. *The Revenue Test, Part I—First Paper* —The general performance of the candidates was by and large just average. Mechanical reproduction from the book was resorted to by almost all the candidates.

4. *The Revenue Test, Part I—Second Paper.*—The candidates had not taken the examination seriously and the quality of the answers was wanting.

5. *The Revenue Test—Part III.*—On the whole the performance of the candidates was considered very mediocre.

6. *The Account Test for Highways and Rural Works Department Officers and Subordinates* —The performance of the candidates was fair.

7. *The Criminal Judicial Test, Part I* —On the whole, the candidate except a few had fared quite well.

8. *The Criminal Judicial Test, Part II.*—The performace of the Candidates was generally satisfactory

9. *The Criminal Judicial Test, Part III.*—The candidates had generally done well.

10. *The Agricultural Department Test for Members of the Tamil Nadu Ministerial Service in the Agriculture Department* —The candidates had given disproportionately lengthy answers. Some had not clearly understood the question. Some candidates had reproduced the answers from the Manual Verbatim. Some other candidates had an intolerable hand and it was difficult even to dicipher the words and sentences.

11. *The Account Test for Subordinate Officers, Part II.*—The performance of the candidates was satisfactory. Verbatim copying from the book had been resorted to by almost all the candidates.

12. *The Account Test for Public Works Department Officers and Subordinates.*—The general standard of performance of the candidates was satisfactory.

13. *The Account Test for Subordinate Officers, Part I.*—The general performance of the candidates was on the whole satisfactory.

14. *The Translation Test—Hindi*—The performance of the candidates was not satisfactory. Spelling mistakes and grammatical errors were noticed.

Tamil.—The translation from English to Tamil was done fairly well, while translation from Tamil to English was not upto the standard.

15. *The District Office Manual Test.*—Most of the candidates had reproduced the relevant paragraphs Verbatim from the book. The performance of the candidates who took the examination in Tamil was slightly better On the whole, the performance was just satisfactory.

SPECIAL TEST EXAMINATIONS—NOVEMBER 1979.

Extracts from the Reports of Examiners:

1. *The Account Test for Executive Officers.*—The performance of the candidates was on the whole satisfactory

2. *The Civil and Criminal Judicial Test for Members of the Judicial Department—Part-I.*—The performance of the candidates was generally satisfactory.

3. *The Civil and Criminal Judicial Test for Members of the Judicial Department—Part-II.*—The performance of the candidates was fair.

4. *The Civil and Criminal Judicial Test for Members of the Judicial Department—Part-III.*—The performance of the candidates was on the whole satisfactory.

5. *The Revenue Test—Part I—First Paper.*—The general performance of the candidates was by and large good.

6. *The Revenue Test—Part-II.*—On the whole the performance was satisfactory.

7. *The Revenue Test—Part III*—The performance of the candidates lacked originality in making use of the test materials in answering in their own language. However, it was better than that in May 1979 examination.

8. *The Account Test for Highways and Rural Works Department Officers and Sub-ordinates.*—The general performance of the candidates was found to be satisfactory in the First paper and poor in the second paper.

9 *The Criminal Judicial Test—Part-I.*—The performance of the candidates was quite satisfactory.

10. *The Jail Test Part-I.*—The performance of the candidates was on the whole poor, except in respect of the portion relating to 'Laws' Rules, Regulations and Orders relating to Jail Management.

11. *The Jail Test—Part-II.*—The performance of the candidates was not up-to-the mark.

12. *The Account Test for P.W.D. Officers and Sub-ordinates* —The performance of the candidates was on the whole average.

13. *The Account Test for Sub-ordinate Officers Part-I.*—On the whole, the performance of the candidates was generally satisfactory.

14. *The Account Test for Sub-ordinate Officers—Part-II.*—The performance did not reflect any serious preparation for the examination on the part of many of the candidates and was below average.

15. *The Agricultural Department Test for Members of the Tamil Nadu Ministerial Service in the Agriculture Department.*—The performance of the candidates was on the whole average

16. *The Agricultural Department Test for Technical Staff in the Agriculture Department.*—The performance of most of the candidates was satisfactory.

17. *The Translation Test.—Tamil.*—The performance of the candidates was fairly good.

Telugu.—The performance was just average.

18. *The District Office Manual Test.*—The performance of the candidates was on the whole satisfactory.

DEPARTMENTAL TEST—MAY 1979.

Departmental Test in Commercial Taxes Acts.

Part I—Most of the candidates have simply reproduced what is found in the C.T. Manual without understanding the meaning of the questions. This is evident from the fact that in answer to a particular question one sentence has been printed twice in the Manual owing to a printing mistake.

Part II—Many candidates have not taken any pains to give correct answers to the questions, even though the questions were very simple and clear Many candidates are unaware of the latest instructions issued by the Board and orders issued by the Government. They are not also able to quote the relevant rules and authority in support of their answers.

Part III.—The performance of the candidates are above average.

DEPARTMENTAL TEST FOR OFFICERS OF THE PANCHAYAT DEVELOPMENT DEPARTMENT.

MANUAL OF VILLAGE LEVEL WORKERS, COMMUNITY DEVELOPMENT MANUAL.

I. The general performance of the candidates has been fair.

II. The performance of the candidates have been generally good.

THE MADRAS PANCHAYATS ACT, 1958 AND THE RULES AND ORDERS ISSUED THEREUNDER.

I. Generally the candidates appeared at all the centres had not answered all the questions well. Most of them had answered a question twice and most of them had written rample answers.

II Most of the candidates who failed in the test have not taken the examination seriously. Further any of them are not even aware of the relevant section of the Act or Rules pertaining to the test. Some of them have not paid proper attention in giving correct number of the question in the answer book.

THE MADRAS DISTRICT MUNICIPALITIES ACT, 1920 AND THE RULES AND ORDERS ISSUED THEREUNDER.

The performance on the whole was extremely satisfactory.

DEPARTMENTAL TEST FOR GRAMASEVAKS, GRADES I AND II AND GRAMASEVIKAS.

(c) *The Madras Panchayats Acts*, 1958 (*Without rules and Orders*).

The performance of the candidates is satisfactory.

PANCHAYAT DEVELOPMENT ACCOUNT TEST.

Chief.—Most of the candidates have not clearly understood the question asked. Further many are not abreast with test amendments to various code Rules. Many have not even marked the Questions correctly while answering them. These facts make out a case for giving training in Panchayat Development Account Test as in the case of Account Test for Subordinate Officers.

Additional I :—Some of the candidates had scored even below 10 marks. It shows that candidates have not taken the examination seriously. In some districts where the performance of the candidates is very poor, it may due to lack of facilities for the candidates for acquiring sufficient knowledge in the Code Rules It is therefore suggested that in interest of the administration classses are conducted before the candidates appeared for the examination.

Additional II: In general, the question paper is rather simple and easy. There are classes, where candidates secured more than a pass mark even without adding any additional sheets. But most of the candidates have written lengthy pages without understanding the question. There is no other comments to make.

DEPARTMENTAL TEST FOR OFFICERS OF THE CO-OPERATIVE DEPARTMENT.

Co-operation.—The performance of the candidates was good.

Book-keeping.—The overall performance of the candidates is fairly good.

DEPARTMENTAL TEST FOR APPOINTMENT AS ASSISTANTS IN THE TAMIL NADU SECRETARIAT SERVICE.

Part II.—There is no improvement in the performance of the candidates. There is neither intelligent copying of the portions in the Manuals nor any understanding of the Questions. A mere vomitting and copying of the entire text is given as the answer.

Departmental Test for Supervisors of Industrial Co-operatives in the Industries Department.

(a) *Co-operation General.*—The performance of the candidates was satisfactory.

Local Fund Audit Department Test.

Commercial Book-keeping —The performance of the candidates has been far from satisfactory rather very poor.

Registration Department Tests.

Groups I and II.—The fairing in the examination can be rated as average.

Group III.—The performance of the candidates are above average.

Departmental Tests for Subordinate Officers in the Tamil Nadu Treasury and Accounts Department.

The general performance of the candidates is satisfactory.

Special Language Test for Officers of the Education Department Higher Standard.

The performance of the second paper is better than the first paper.

Advanced Language Test for Officers of the Tamil Nadu Educational Subordinate Services—Tamil.

The performance regarding the second paper is better. But candidates writing the tests from the billinqual areas are not up to the level. They are not giving proper attention to correct spelling of Tamil Words.

Departmental Test for Junior Assistants in the Police Department

The performance of the candidates was satisfactory.

Forest Department Test.

The general performance was below the standard.

Departmental Test for Officers of the National Employment Service.

The answers were generally satisfactory.

Departmental Test on Motor Vehicles Acts, Rules and Regulations, etc.

The performance of the candidates was not up to the standard.

Departmental Test for Motor Vehicles Inspectors and Assistant Motor Vehicles Inspectors.

The candidates did not focus their attention by reading the complete text of the books. They only attempted to read the headlines and skip off.

Fisheries Department—Test I.

The performance of the candidates was above average.

Fisheries Department—Test II-A.

Many of the candidates were found to be simple reproducing what is found in the departmental manuals instead of giving their answers either condensing the matter or giving it briefly.

Subordinate Accounts Service Examination.

Part I (A).

The performance of the candidates was far from satisfactory.

Part I (B).

The general performance of the candidates was below average and application of the Rules was not up to the mark.

Part I (C).

The performance was not satisfactory.

Hindu Religious and Charitable Endowments (Administration) Department Test.

Many have not understood the questions. Those who were given correct answers have added unnecessary and irrelevant matters.

Deputy Inspector's—Test I Paper.

(i) The performances were not up to the mark. Many used incorrect English.

(ii) Generally the performance is satisfactory.

(iii) The performance was not satisfactory.

Deputy Inspector's Test II—Paper.

(i) The performance of the candidates, in general, was satisfactory.

(ii) On the whole the performance of the candidates was satisfactory.

(iii) The performance was satisfactory.

Deputy Inspectors Test—Educational Statistics.

(i) On the whole the performance was not satisfactory.

(ii) The performance of the candidates was not satisfactory.

(iii) The performance was not satisfactory.

DEPARTMENTAL TESTS—NOVEMBER 1979.

Departmental Test in Commercial Taxes Acts.

Part I.—The general performance of the candidates was below average.

Part II—Many candidates did not take any pains to give correct answers and few of them have misunderstood the questions and given wrong answers eventhough the questions were very simple and clear. Many of the candidates left the comments unanswered.

Part III—The performance of the candidates was on the whole satisfactory.

Departmental Test for Officers of the Panchayat Development Department.

II. Village Swaraj.—The candidates were not able to write proper and correct answers even to some simple questions relating to short notes. Many wrote common place ideas and in a casual way with the result it given the impression that they have not read the book but have written from their own ideas. This accounts for large number of failures.

III. Constitution of India and Miscellaneous Acts.

The performance of the candidates was fairly satisfactory. Most of the candidates were not able to express themselves in clear terms.

IV. The Madras Panchayats Acts, 1958 and the Rules and Orders issued thereunder.

I. The performance of the candidates of Madurai District was not up to mark.

II. The performance of the candidates was generally good.

V. The Madras District Municipalities Act.

The performance on the whole was extremely satisfactory.

Departmental Test for Gramasevaks, Grades I and II and Gramasevikas.

(a) *Manual of Village Level Workers and Community Development Manual.*

The candidates have not made a thorough preparation for this test as could be seen from the answers which were vague and not up to the point. This may probably due to the non-availabilty of sufficient number of prescribed text books to the appearing candidates.

(b) *Village Swaraj*—

The performance of the candidates was satisfactory.

(c) *The Madras Panchayats Acts,* 1958—

The performance of the candidates was satisfactory.

Panchayat Development Account Test.

Chief.—Most of the candidates have not even written the question numbers properly and have answered only the theoritical portion somewhat well. Some of the answers were too long and it was seen that that they were not able to correctly judge the exact point or points to be noted. The candidates should be given proper traning as is being done in respect of Account Test for Subordinate Officers.

Additional I.—On the whole the performance of the candidates was far from satisfactory.

Additional II.—The overall performance could be considered as fairly satisfactory.

Departmental Test for Officers of the Co-operative Department.

(*a*) *Co-operation : Chief.*—The performance on the whole was good.

Additional I.—The performance of candidates in general was above average.

Second Paper.—The performance of the candidates was generally satisfactory.

(*b*) *Auditing.*—The performance of most of the candidates was average.

(*c*) *Book-keeping.*—The overall performance of the candidates was good.

Departmental Test for Appointment as Assistants in the Tamil Nadu Secretariat Service.

Part II.—The performance of most of the candidates was very satisfactory.

Local Fund Audit Department Test.

Commercial Book-keeping :—The performance of the candidates at Madras has been quite good.

Deputy Inspector's Test Paper I.

(i) The performance in genaral is satisfactory.

(ii) The performance is not so satisfactory.

Deputy Inspector's Test Paper II.

(i) General performance was rather fairly satisfactory.

(ii) In general the performance of the candidates was satisfactory.

DEPUTY INSPECTOR'S TEST—EDUCATIONAL STATISTICS.

Satisfactory answers were given by many candidates.

SUBORDINATE ACCOUNTS SERVICE EXAMINATION.

Part I (A) :—The performance of the candidates were not satisfactory.

Part I (B) :—The performance of the candidates were below average.

Part II (A) :—The performance of the candidates was average.

Part II (B) :—The performance of the examinees was generally satisfactory.

DEPARTMENTAL TEST FOR MEMBERS OF THE TAMIL NADU MINISTERIAL SERVICE IN THE NATIONAL EMPLOYMENT SERVICE.

The performance was satisfactory.

SURVEY DEPARTMENT TESTS—FIELD SURVEYOR'S TEST.

Answers of the candidates to this paper were generally satisfactory.

ANIMAL HUSBANDRY DEPARTMENT TEST.

The perfomance of the candidates participated in the Departmental Test was satisfactory.

DEPARTMENTAL TEST FOR OFFICERS OF THE AGRICULTURAL SERVICE.

The general standard was good.

FOREST DEPARTMENT TEST.

THE TAMIL NADU FOREST DEPARTMENT CODE AND THE TAMIL NADU ACCOUNT CODE—VOLUME III—PART III.

Candidates performance was generally very poor,

STANDING ORDERS OF THE BOARD OF REVENUE AND THE SERVICE RULES AND DISTRICT OFFICE MANUAL.

Candidates performance was satisfactory.

ELECTRICITY DEPARTMENT ACCOUNT TEST.

(i) The performance of the candidates has been on the average satisfactory

(ii) The performance of the candidates in the examination was generally satisfactory.

(iii) The overall performance was satisfactory.

(iv) Generally satisfactory.

(v) Generally most of the candidates are copying the code rules which run to several pages instead of brief writing the rules.

(vi) The answers written are much satisfactory.

DEPARTMENTAL TEST FOR APPOINTMENT AS PAY AND ACCOUNTS OFFICER IN THE ACCOUNTS WING OF THE TAMIL NADU ELECTRICITY BOARD.

(i) The performance of the candidates was generally satisfactory.

(ii) The overall performance was however satisfactory.

Extract of the report of the Departmental Representative on the performance of the candidates who have appeared for the oral test in connection with their selection for appointment to the post of Foreman (Marine) in the Tamil Nadu Fisheries Subordinate Service, 1979.

"Excepting the two candidates already working temporarily in the department the performance of the other candidates at the oral test in general was average or below average".

APPENDIX—B 1.

(*Vide item No. 8 Under Section VI*).
